

Life In China

23 Feb - 2 min - Uploaded by The Choices Program Edward Steinfeld, Director of the Thomas J. Watson Institute for International and Public Affairs. Living in a Communist country with drastically different social and moral conventions proved a bumpy ride for Richard Fowler. Here's his advice. It's not easy to decide who our "average Chinese person" actually is, but let's take a stab. * The population of the country skews male, and more so than most. You love kung pao chicken and Jackie Chan, and now, with so many jobs supposedly going to China, it's time to pack your bags, hop on a plane. But for all their pull, I still wouldn't swap this journey for all the tea in China. (I know, I've used that line before, ironically as the title for my first. WeChat has become a ubiquitous feature of everyday life in China with 1 billion users. Living in one of the biggest countries, with the largest population in the world, life in China can be an overwhelming experience for most people. What is life like in China's cities? This question is not easily answered because China's cities often differ from each other due to their incredibly diverse history. From more comfortable living standards to staggering raises in salary, life for the average Chinese citizen outclasses many Western nations, and has had a lot to offer. Life In China is a weekly English radio program produced by China Radio International that features articles about ordinary people in China. The show is hosted by expats who have lived in China. We asked over expats how they like living abroad and what they think of the country they live in. Read what they say about living and working in China. Life in China is like a lucid dream. At times, it's so bizarre that you wonder if it's even real. Stumbling upon a bag of live chickens in the trunk of a car. Chinese families have always lived very closely together. It is not uncommon to find a family living in a small apartment. Do you want to be an expat in China? Then read these 15 insider tips on what one expat wishes she knew before moving to China as an expat. If I had a dollar for every time someone from back home asked me what I ate/ cooked living in China, well, I'd be able to eat a nice meal, I'll tell. The third installment of Post photographer Michael Robinson Chavez's look at urbanization in China.
